Pre-order items will ship on the estimated date noted on the product description page. These items will ship through Premium Express once they become available.

Return policy

Returns may be made by mail or in store. The return window for online purchases is 30 days after the date of delivery. You may return products by mail using the complimentary prepaid return label included with your order, and following the return instructions provided in your digital invoice.

Side panel

This product page offers detailed information in three tabs: Description provides key features and specs, Shipping Info covers delivery options and fees, and Payment Options lists secure payment methods for a smooth checkout experience.

The Wishlist is a personalized space where users can save glasses they like without purchasing them immediately. Users can access their wishlist by navigating to the Wishlist section, typically found in the app's menu or via a dedicated icon on the homepage.

The Add to Cart feature allows users to select and store items they intend to purchase before completing the checkout process.

My Orders feature show the user the items that they have purchased. This feature will display what item the user have bought and the price of each item.
